WORK EXPERIENCE

January 2024 – Present

Analyst Developer

Wavenet Belgium - Full-time
Leuze-en-Hainaut, Walloon Region, Belgium

As an Analyst Developer, I design and develop custom web applications for various clients. I work across the full stack using technologies such as Java, Spring Boot, Angular, PostgreSQL, and the Jahia CMS to deliver scalable and high-performance solutions.

October 2021 – January 2024

System Developer Full Stack Java – Angular

NSI IT Software & Services
Rue de Bruxelles 174 a B-4340 Awans, Belgium

Collaboratively develop computer programs and/or parts of programs that meet customer expectations in terms of functionality and quality while following the defined methodology (agile or other).

September 2019 – September 2021

Student-entrepreneur

VentureLab Belgium

Holder of the project named HoloBIM. Project intended to set up devices allowing the visualization and the dynamic manipulation of 3D models.

September 2019 – February 2025

Vice President at Maison des jeunes (Youth Center)

Maison des jeunes (MJH), 4040 Herstal, Belgium

I was a member of the Board of Directors and a member of the General Assembly.

March 2018

Spokesperson EUROSCOLA project

European Parliament in Strasbourg

Participated in the Euroscola project, representing Belgium and had the opportunity to improve my public speaking skills by delivering a speech and representing a group of 50 students in an open debate in the European Parliament. This experience allowed me to showcase my ability to effectively communicate and represent the interests of a group in a high-pressure environment.

EDUCATION AND TRAINING

July 2024

Bachelor's degree in Computer Science

University of Liège, Belgium

December 2024

Professional Scrum Master I

Scrum.org

Jun 2023

Jahia 8 Developer Training Certification

Jahia Solutions
